**FREE LESSONS FOR 3-5 MONTH OLD
BABIES TO THE VALUE OF \$210!
UP TO 12 LESSONS FREE***

Our 3 - 5-month-old Free Baby Program provides life-saving water familiarisation classes and is a beautiful introduction to a learn to swim journey.

Created by our swim industry experts, Karen and Andrew Baildon, we work on movement in the water, building trust, a Babies' natural reflexes and conditioning young babies to submerge them under the water.

These parent/baby classes are also a special bonding time for the carer and bub, preparing them for our Dippas Drowning Prevention Program.

Fun, friendly, nurturing environment;
indoors, in warm, very clean water!
